Hi I'm Lucci, a self-taught developer and artist from Southern California with over 1.5 years of experience in front end web development. I'm passionate about coding clean, functional and elegant solutions in the form of websites. Recently, I've become more proficient at building responsive designs that work beautifully on mobile devices and are compatible with multiple browsers.

TECHNICAL SKILLS

Strong: HTML5, CSS3, Sass, Javascript, jQuery, Wordpress, Photoshop
Knowledgeable: Git, Bootstrap, npm, JSON, Ajax

EXPERIENCE

Michaelwynneaudio.com: Owner of "In The Mix" on Youtube, over 100k subscribers
- Influencer website designed and built from scratch with HTML5, Sass, npm, PHP, jQuery

Christieaudio.com: Scottish audio professional based in Australia
- Freelancer portfolio page created with a heavily customized Wordpress theme, custom jQuery audio player and branding created in Photoshop

PROJECTS

Luccipaula.github.io: my personal portfolio page
- GitHub Page designed/built from scratch with HTML5, Sass, npm and jQuery

Twitch Status Viewer: check/search for your favorite streamers' online or offline status
- Web app developed with HTML, CSS Grid, jQuery, JSON, Twitch API

Local Weather App: view weather in your location/search for weather in other locations
- Web app developed with Bootstrap, jQuery, JSON, Google Maps API, Dark Sky API

EDUCATION

2018: "Advanced CSS and Sass: Flexbox, Grid, Animations and More" Course, Udemy
2017 - Present: Responsive Web Design, Javascript Algorithms And Data Structures, Front End Libraries Curricula, freeCodeCamp
2014 - 2016: Various online Computer Programming and Business courses, Santa Monica College
